

A Nurse Week Event!

Meet Captain C. Edwina Todd of the US Navy Nurse Corps

Listen to Captain Todd share her story of capture and endurance during 3 years spent in a civilian Prisoner of War Camp (POW) in the Philippines. Learn how she and 77 other US military nurses survived. Be inspired by her subsequent promotion to Chief Nurse of the Hospital Ship, "The Consolation," during the Korean Conflict of the 1950s.

Captain Todd's story will be enhanced by items displayed from the WCNH archives at APU!

Of Note: Captain Todd is maternal aunt of Dr. Pamela Cone, APU Nursing Professor Emeritus.

**Live + Virtual performance by
Connie Brehm PhD, RN
as Captain C. Edwina Todd**
